

JERDON PHILIP MACARAEG

#81 Tambac, Malasiqui, Pangasinan • 09168745394 • jerdonphilipmacaraeg@gmail.com

WEB DEVELOPER / UI/UX SPECIALIST

SUMMARY

Detail-oriented Frontend and Full-Stack Engineer with a proven track record of building clean, highly responsive, and optimized web interfaces. Adept at translating complex design wireframes and mockups into pixel-perfect, semantic HTML5 and CSS3 layouts. Combines a rigorous quality assurance background with technical depth in utilizing browser DevTools and Google Lighthouse to isolate layout defects, debug rendering issues, and maximize cross-browser compatibility. Highly proficient in utility-first frameworks like Tailwind CSS and collaborative Git workflows within fast-paced environments.

TECHNICAL SKILLS

- Web & Interface Development: HTML/HTML5, CSS/CSS3, Bootstrap, Tailwind CSS, Responsive Design.
 - Design & Prototyping Translation: Wireframes, Mockups, User Flows, Process Flows, Adobe Photoshop.
 - Tools & Version Control: Git, Browser DevTools, Google Lighthouse, npm, Azure DevOps, CI/CD.
 - Languages & Scripting: JavaScript, AngularJS, PHP, Python, Java.
 - Core Software Architecture: Electron, Node.js, Express.js, RESTful APIs, Sequelize, MySQL, SQLite, PostgreSQL.
 - Professional Strengths: Project Management, Code Documentation, Standardizing Quality Assurance Processes.
-

WORK EXPERIENCE

Lead Software Engineer(Freelance), Sakura Steel Development Corp & GT Sakura Trading Surplus Mall

Jan 2026 - Present

- Architecting and engineering a scalable desktop application using Electron and modern JavaScript workflows.
- Designing and implementing the comprehensive front-end user experience using Tailwind CSS to deliver clean, utility-driven, and highly consistent interfaces across modules.
- Executing end-to-end project lifecycle ownership, writing clean layout structures, and conducting manual and automated reviews to maintain software stability.
- Utilizing browser DevTools and active debugging methods to proactively audit full-stack elements and refine UI/UX behavior.

Web Developer, Almont Business Connect Inc.

July 2023 - December 2025

- Led UI and UX layout development during the critical early stages of software module creation.
- Utilized Bootstrap and custom CSS to build highly responsive interfaces, ensuring consistent design system quality across application workflows.
- Developed user-centric front-end interactive elements, including a specialized patient calendar sticky note feature.

- Managed version control, code deployments, and automated updates leveraging CI/CD pipelines within Azure DevOps.
- Supported system validations and engineered CRUD data functionalities utilizing Sequelize ORM and MySQL.

Intern Web Developer, Almont Business Connect Inc.

January 2023 - May 2023

- Contributed to the direct development of web interfaces by creating clean front-end components and supporting back-end logic.
- Assisted team members in coding and thoroughly testing features to verify that applications met responsive design and functionality standards before release.
- Collaborated closely with senior developers to troubleshoot layout defects, debug interface bottlenecks, and resolve technical issues.
- Authored and maintained detailed project documentation to enable effective team knowledge sharing and clear references for future maintenance.

Intern Quality Assurance, Almont Business Connect Inc.

January 2023 - May 2023

- Conducted comprehensive manual testing across software iterations to rigorously verify cross-browser layout functionality and usability.
- Formulated and organized detailed test case documentation to standardize interface quality benchmarks.
- Tracked, isolated, and documented software defects alongside the development team to ensure smooth, high-quality production releases.

Business Manager / Operations Lead, Donato's Space Rental

February 2026 - Present

- Manage property client relations, coordinate operational workflows, oversee contract prep, and streamline business administration

Lead Photographer & Founder, Lumen Lens Studios

August 2025 - Present

- Direct creative execution, manage client communications, and handle high-volume digital post-processing and editing.

EDUCATION

Bachelor of Science in Information Technology

University Of Pangasinan - PHINMA

ADDITIONAL INFORMATION

- **Languages:** English and Tagalog
- **Awards/Activities:** Received the "Rookie of the Year" award for outstanding performance.
